The case of "Pickett" vs. Davis was argued to-day in the Corporation Court, a jury being waived. Judge Mullen will render his decision later. Mariott erected a wind mill for A. L. Davis claims that the mill was not erected according to contract and refused to pay Mariott, and the latter brought suit. Mr. R. H. Mann represents the plaintiff, and Messrs. Bartlett Roper, Jr., and Carl Davis, the defendant.

Aiken while walking along Sycamore Street early Sunday morning was accosted by a negro, who without warning struck him a terrible blow on the head which rendered him unconscious. When he revived he discovered that he had been relieved of about \$10. Four dollars of the stolen money was found on Lee after his arrest.

Henry Oliver, a respected negro, while at work about the Norfolk and Western depot yesterday, fell, breaking his right hip and fracturing his right knee.

James W. Jackson, who had been temporarily in charge of the National Cemetery at City Point, for several months, has received notice that E. R. Fonda, superintendent of the Mills Springs National Cemetery, in Kentucky, will arrive in a few days to assume charge.

MAY SHIP WATER FOWLS. The Prince George county board of supervisors has agreed to allow any citizen of the county to ship wild water fowls out of the State. The power to authorize citizens to ship game out of the State is vested by the recent law in the board of the county supervisors.

A meeting of the voting stockholders of the Seaboard Air Line Railway Company will be held to-morrow at the general offices of the company in Petersburg for the purpose of considering the Blair-Coolidge-Ryan syndicate loan bond issue.

A petition is being circulated in Prince George county requesting the delegates to the county court to introduce a bill to introduce in the Legislature a bill to allow non-residents who own real estate in the county to hunt on their lands without paying a license required by law.

Since 1890 has the Chesapeake Bay been so blocked with ice as was during the recent freeze. As far down as Cape Charles Point ice was piled up, some of it being eight feet in thickness. A narrow channel, which would permit every night, was barely kept open by the big liners, and the ice machines and the Weems steamers are among the few boats that attempted to keep running.

(Special to The Times-Dispatch.) GILESVILLE, VA., Feb. 9.—Nelson Townes, a very highly respected darky, who resided three miles from here, died yesterday, having reached the age of one hundred and fifteen years. (Special to The Times-Dispatch.) NORFOLK, VA., Feb. 9.—Joe Kehoe is under arrest, suspected of having stolen the Masonic Orphanage mite box at the Temple, in this city. He had been sent to the building to put up fire escapes and afterwards the box, which was full, was found to have been stolen.

The Pastoral Committee of the Freeman Street Baptist Church has unanimously recommended that Rev. W. M. Vines, of Asheville, N. C., be called to the pastorate of the congregation. Alterations that are now being made in the plans of the cruiser Galveston will make her when completed a much more formidable warship than was intended when she was laid down at the Trigg ship-yards, at Richmond. The Cleveland, a sister ship to the Galveston, is being similarly altered at this navy-yard now.

The battleship Missouri to-day reported to the commandant of this station that she had returned from her sea trial. It is stated that the Missouri's record at sea surpassed that of her sister ship, the new Maine.

The Republican office-holders in this city say that they are not at all concerned because of the movement against them by certain Republican politicians. They declare that the desire to take the control of the party in Virginia out of the hands of the office-holders is dictated by those who merely wish to hold office.

BON AIR BITS.

The Village Has Gone Into Winter Retirement. (Special to The Times-Dispatch.) BON AIR, VA., Feb. 9.—Bon Air has not been so lively, socially, this winter as in former days. So many families have moved away that those who are left almost need to whistle, to keep themselves from getting lonesome.

Mr. Adamson's family is spending the winter in Richmond. Mr. Crenshaw also packed up and moved over last week. The most recent departure has been added to the long list of those who are conspicuously absent—greatly missed. But in a quiet way, the social life of Bon Air finds a great deal in the way of pleasure and enjoyment.

The Chautauque holds its meetings regularly each week and also the Bon Air Glee Club, with Mr. Harvie Blair as conductor. Also there are bi-weekly meetings of the Library Society. These, with an occasional "pat come" and social "tea" with all the churching blessings and privileges of a church-going people, make life well worth the living.

The chairman of the board issued a call for a meeting to be held on Friday next, when the matter will be taken up.
